Great Lakes Aviation, Ltd. traces it roots back to the Iowa Great Lakes located in the northwest corner of the state. Over its history, Great Lakes has gone through numerous changes, which includes operating as United Express for 9 years and relocating its headquarters from Spencer, Iowa, to its current location in Cheyenne, Wyoming.

One thing has always remained the same: *its product*. Great Lakes Airlines offers convenient, reliable, and affordable air travel from many rural communities to major hubs where passengers have access to the nation's air transportation network.
